### LITTLE BOY INJURED

Was Struck by Automobile Late Yesterday Afternoon.

Clarence Carnes, a little eight year old boy whose mother lives at Orr mill, received a broken arm and fractured collar bone yesterday afternoon about 5:30 when he was struck by an automobile driven by Mrs. C. E. Tolly. It is said the accident was unavoidable. Mrs. Tolly turned into Franklin street to keep from hitting a mule and buggy which stopped suddenly in the road, and the little fellow was in the act of crossing Franklin street. Seeing the car, he turned and started back, thus getting directly in front of it. He was rushed to the county hospital by Mrs. Tolly and was reported as doing nicely last night. Mrs. Tolly and a few friends were in the car.

## Thin, Frail People Should Take Tanlac

THOUSANDS REPORT ASTONISHING GAIN IN WEIGHT IN REMARKABLY SHORT TIME

POWERS OF MEDICINE CONCLUSIVELY PROVEN

Men and Women, Old and Young, Benefitted Alike By Premier Preparation.

One of the most noteworthy features in connection with the introduction of Tanlac, and the one that stands out more prominently than any other, perhaps, is the very large number of well known men and women from all parts of the south who have recently reported an astonishing and rapid increase in weight as a result of its use.

When so many well known people of unquestioned integrity make statement after statement, each corroborating the other, the truth of such statements can no longer be doubted.

Thousands have testified that this famous medicine has completely restored them to health and strength after every other medicine and the most skilled medical treatment have failed.

One of the most remarkable cases on record is that of Mrs. Charles Peden, of Huntsville, Ala. Mrs. Peden, according to her own statement, gained twenty seven (27) pounds in only a few weeks' time, and her case has created widespread interest over the entire country. She is reported to have received over eight hundred (800) letters regarding her statement since its publication.

Equalling the case of Mrs. Peden in importance is that of Mrs. M. A. Roberts, of 731 Assembly St., Columbia, S. C., who gained more than thirty (30) pounds while taking just two bottles of Tanlac, according to her husband's statement. She had suffered several years, and at one time, during an operation, "two hundred thirty (230) gall stones" were scraped from her gall bladder and given in a bottle to her husband.

Another remarkable case was that of Mrs. O. C. Cason, of Acworth, Ga., who, according to her statement, was recently brought in an automobile to Atlanta propped up on pillows, to visit her sister, with no hope of ever returning home alive. Mrs. Cason at the time weighed only sixty (60) pounds, and after taking Tanlac six weeks was on her feet again and weighed ninety five (95) pounds—a gain of thirty five (35) pounds.

Mrs. Wilhelmina Joiner, wife of Engineer for the M. D. & S. R. R., whose address is 115 Third St., Macon, Ga., recently said: "I have finished my third bottle of Tanlac and have gained thirty five (35) pounds." She further stated that she had suffered nearly two years with nervous indigestion and Tanlac had entirely relieved her of the trouble.

Prof. Elmer Morris, a teacher in the public schools of Stewart county, Tennessee, recently said that after suffering over a year with serious stomach trouble, during which time he was treated by doctors and went to Dawson Springs, Ky., without getting any relief. He took three bottles of Tanlac, gained twenty (20) pounds and was entirely well. Prof. Morris' address is R. F. D. 1, Dover, Tenn.

Dr. J. T. Edwards, a well known physician of Fayetteville, Ga., recent-

ly wrote of the remarkable recovery of T. M. McGough, of that place. Dr. Edwards stated that Mr. McGough, who was one of his patients, had not only been relieved of serious stomach trouble but had gained seventeen (17) pounds on the medicine.

One of the most remarkable endorsements ever given was that of Mrs. G. W. Williams, of Cadesden, Ala. Mrs. Williams stated that she had suffered with serious kidney and stomach trouble nearly fifteen (15) years, and that her condition became such that it was necessary for her physician to call three (3) times a day. Finally, she was told that there was no hope for her recovery, and, thinking that she would die, she had her children, who were residing in other cities, summoned to her bedside. Her daughter, Mrs. R. C. Nelson, of Atlanta, arrived and begged her mother to take Tanlac, which she did. She was soon on the road to recovery. Her own words were: "Tanlac has made me feel almost as well as I ever felt in my life. I went from ninety (90) to one hundred thirty eight (138)—a gain of forty eight (48) pounds. I am doing almost all my own housework now. I milk the cows and churn the milk."

More than remarkable were the results T. F. Darby, a well known mechanic, of Anderson, S. C., who was formerly foreman for the Globes Machinery Co., of Columbia, S. C., obtained from Tanlac. He said: "I have gained twenty (20) pounds in weight and have been relieved of an ailment with which I suffered almost a year and which baffled leading physicians in a number of cities by just six bottles of Tanlac."

His trouble was nervous indigestion, he said.

Tanlac, the master medicine, is sold exclusively by Evans' Pharmacy, two stores, Anderson; Horton's Pharmacy, Belton; West Pelzer Drug Co., Pelzer; Pendleton Drug Co., Pendleton; Bolt Drug Co., Honea Path; D. L. Donald, Williamston; Suher Drug Co., Piedmont. Price: \$1 per bottle straight.
